SOLICITORS

## Environmental Policy

Lanyon Bowdler understands the need to take responsibility for the harmful effects that any of our operations have on both the local and global environment and is committed to reducing them.

We will measure and set targets to reduce their impact on the environment.

We will comply with all relevant environmental legislation.

We will continue to train our staff and raise their awareness of environmental issues and encourage their support in improving our level of performance in this area.

We will also seek to encourage the adoption of similar principles by its suppliers.
